PRUTHWIRAJ NAYAK

SOFTWARE DEVELOPER

PROFILE

Seeking a position where I can contribute my skills to the organization's success while synchronizing with new technologies. I'm a Information technology student with genuine interest in coding. I have a working knowledge of Java (Spring Framework) and I'm actively learning and working on Javascript(Node.js). I also have experience in DApp development.

PROJECTS

Universal Medical Identity:
I have used Blockchain technology to track all the medical history of every individual by using the aadhar card.
CORE System:
This website is a transparent Complaint Redressal system for every problem encountered on campus by students and staff of CET, Bhubaneswar
OnlineExam:
This is a online examination portal for students. It has portal for both Student and admin. Admin can add, update and delete student data, instructions and questions for the exam
